Halsdown House

Nursing & Residential Home

- Est. 1930 -

Halsdown House Nursing & Residential Home is the oldest established Nursing Home in Exmouth dating back to 1930.

It remains a small, privately owned Nursing Home run by the same family since 1967, now in its second generation, ensuring friendly, personal service and 'hands on' Management.

Halsdown House has become dual registered to accommodate up to seventeen nursing and residential residents.

Registered with the Care Quality Commission.

Halsdown House is not a purpose built home and therefore offers rooms with character. Many spacious single rooms, and some registered to accommodate two, i.e. for husband and wife. The rooms are large, enabling service users to bring their own furniture or personal possessions to make it feel more like 'home'. One side of the house offers estuary and moorland views. All come with private facilities.
